

CWS Value Proposition 2005

- **PRODUCT** cleanroom consumables
 - **INDUSTRY** All
 - **VALUE PROPOSITION** CWS is the leading choice in Benelux for cleanroom consumables
- 

Custom Garment Systems

- CWS is the leading supplier of cleanroom consumables in the Benellux. We prepare your cleanroom textiles to the highest standards to ensure that stocks of cleanroom garments are available in sufficient quantities and sizes, at the right time and in the right place.
- We can help you create a custom garment system that protects your product and production environment from particulate and microbiological contamination while ensuring efficient working procedures.
- Based on your specific requirements we will advise you on fabric and model design for garments including cleanroom accessories such as cleanroom headwear, goggles, shoe covers, socks and shoes. In addition to commercial considerations our focus is on fabric functionality, wearer comfort and fit.

All You Need in One Contract

- STAXS offers you everything that you need for complete contamination control: customized products, professional advice and training, large stocks, fast delivery and much more.
- At our "one stop service", you will save time, money and energy:
- One permanent contact
- Fewer providers, order and invoices
- Less administration
- Optimization of your warehouse control

INNOVATION

- The cleanroom sector is not standing still - neither is STAXS. Our specialists follow all developments so that you are and remain up to date at all times. New products, opportunities and bottlenecks: we will keep an eye on the market and show you the way.

Fast, Flexible and Reliable Service

SERVICE

- STAXS combines quality with a fast, flexible and reliable service. You can count on our personal practical approach before, during and after sale.
- Service benefits:
- A state-of-the-art logistics center
- Over 1.500 products in stock in our warehouses in Belgium and the Netherlands
- Extended e-commerce possibilities
- Professional employees who understand your business

Quality Guaranteed by Experts

EXPERTISE

- STAXS is a quality supplier with over 25 years experience in the cleanroom market. Our strength? "A motivated team with a shared passion: expertise in contamination control. Our specialized employees know the tricks of their trade and the developments in the sector. This expertise is your guarantee of quality."
- **QUALITY GUARANTEES**
- Not only the knowledge and know-how of our employees but also the quality of our products and organization makes STAXS a preferred partner for contamination control in Belgium, the Netherlands and beyond:
- STAXS is ISO 9001:2008 certified
- Controlled quality: only A-products, GMP-compliant
- All required certificates are available
- **CUSTOMISED PRODUCTS**
- Your question is unique; therefore, our answer is also. We will first listen to your stories and then look at what solutions could make a significant difference for you. If these solutions are not available on the market, we will develop a customized concept specially for you. According to your specific needs with an understanding of your business.

Leader in Benelux

- STAXS[®], the Benelux leader in cleanroom consumables distribution, is now strategically focused entirely on the cleanroom consumable market.
- The purchase in 2020 by CWS made it the consumables leader in the Benelux. Johan-Detlef Dubbelboer, CEO of STAXS[®], commented: “Combining the strength of our cleanroom laundry with the platform of cleanroom laundries of CWS does give opportunities for both our companies as well as for customers. STAXS[®] focuses fully on the consumable part of the business and its expansion throughout Europe”.
- Markus Schad, Business Unit Director CWS Cleanrooms, commented: “Benelux is a significant growth market for us. Both CWS and STAXS[®] aim for the highest standards in the market and are fully focused to deliver solutions to customers, therefore this acquisition is a perfect fit for CWS. We are looking forward to broaden our cleanroom service network and offer our customers the best possible services from both companies”.
